

jazzin' 2021 UP JANUARY!

JANUARY 21, 2021

CROSSWINDS

COVID-19 Precautions to Protect Our Guests

We are currently planning our 7th Annual Jazzin' Up January as an in-person event on January 21, 2021 at the Grand Wayne Center. We are aware that there are local and state COVID-19 restrictions that may impact our plans. We are continuing to plan the event and for our mission's success, cancellation is not an option, but postponement may be necessary. We intend to make that decision in late December. To ensure our guests have a safe and grand experience, we have put the following guidelines in place for COVID-19 protection:

- Table capacity this year will be limited to 6 people per 10' round table versus 10 people as has been done at past events.
- All tables will be spaced 15' apart to ensure there is a minimum of six feet of clearance when guests are seated. We will have access to all three ballrooms at the Grand Wayne Center if we need them for additional social distancing measures.
- All guests will be asked to keep their masks on until seated at their table. Any time a guest is away from the table, a face mask is required.
- All food will be served to each table. Beverage centers will still be located throughout the room and guests will be required to keep a mask on while in line at the beverage centers with social distancing.
- Guest registration will have increased capacity at various locations to ease congestion at check-in and check-out.
- Each table will have hand sanitizer for use.
- The silent auction will be online only this year through the One Cause app as used in previous years. No items will be on display during the event. Items will be available at checkout.
- Guests will be released in groups at the end of the event to ease congestion for check out.
- Guests who have had a recent exposure to COVID-19, or who are exhibiting symptoms will be asked to stay home.
